CONFESSION:

I absolutely love 3D Design / Animation / Games and always have a WIP to satiate this desire. As a result, along with my work on a few short films, I have created a ton of vehicles / character / assets over time and have been teaching 3D Animation to Undergrads since 2009.

3D Animated Short Film "Shatranj: your move"

3D Animated Short Film "Hollyweird" (Character Modeling, Rigging)

VFX Short Film "Heart Shaped Box" (Insect Rigging)
